

PRICE LIST

IN VITRO FERTILIZATION

	PRICE
*Conventional IVF with fresh embryo transfer	\$ 10,135
*IVF with ICSI and fresh embryo transfer	\$ 12,100
Embryo freezing -including the 1st year of storage	\$ 1,485
Micro-injection (ICSI)	\$ 1,965
Complement to microinjection - ZYMOT	\$ 355
Frozen embryo transfer cycle	\$ 3,320
Frozen embryo transfer cycle on natural cycle - with ultrasound	\$ 3,570
Frozen embryo transfer cycle on natural cycle - without ultrasound	\$ 2,965
**Anonymous embryo donation	\$ 4,835
**Directed embryo donation	\$ 3,960
Percutaneous epididymal sperm aspiration - PESA	\$ 3,575
Sperm microscopy extraction - Micro TESE	\$ 4,850
<i>PESA / Micro-TESE covered RAMQ, sperm freezing costs not covered</i>	\$ 435

ARTIFICIAL INSEMINATION

Ultrasound monitoring ovarian stimulation with gonadotropins	\$ 610
Ultrasound follow-up ovarian stimulation by oral agent	\$ 360
Ultrasound without ovarian stimulation - each	\$ 280 / ultrasound
Intrauterine insemination	\$ 640
Administrative fees for receiving, exporting or allocating frozen semen	\$ 100 + tx
Donor sperm straw - Not available at Procrea Fertility	

CRYOPRESERVATION

Cryopreservation of eggs personal reason	\$ 9,050
Cryopreservation of eggs for medical reason	RAMQ
*Egg thawing cycle - following a CRYO - transfer included	\$ 6,965
**Thawing cycle of eggs from outside - transfer included	\$ 8,180
Medical Record Fee - Guaranteed Baby Program	\$ 330
Sperm freezing personal reason	\$ 435
Sperm freezing medical reason	RAMQ
Renewal storage fees Embryos / Eggs / Sperm	\$ 420
Fixed rate renewable annually - no reimbursement possible	
Administrative fees - receipt/export of embryos or ova	\$ 145 + tx

ENDOMETRIAL EVALUATION

Simulated cycle - MOCK	\$ 730
3D ultrasound - uterine cavity	\$ 280
Embryo transfer test	\$ 200
ERA - Endometrial Susceptibility Analysis	\$ 2,435

ULTRASOUND SERVICES

Viability ultrasound	\$ 280
Diagnostic ultrasound - ovarian reserve - control of cyst(s)	\$ 280
Hysterosonography - tubal permeability	\$ 510

OTHER FEES OR SERVICES

Anesthesia fees	\$ 120
Nursing costs for IVF	\$ 300

CONSULTATIONS

Medical consultation - Excluding RAMQ	On request
Consultation Social worker - psychologist - External ref. According to professional	According to the professional
Genetic counseling - External Ref. - GENOLIFE	According to the professional

*embryo freezing costs not included

**embryo freezing and administrative costs not included

PRICE LIST

LABORATORY SERVICES

Quantitative pregnancy test	\$ 105
Hormonal dosage (Estradiol-Progesterone)	\$ 105
Spermogram	\$ 255
Semen DNA fragmentation test (semen analysis and preparation)	\$ 440
Semen thawing test	\$ 150
Cost of transporting biological sample(s) - other than blood - to the hospital	\$ 5 + tx
Cost of transporting biological sample(s) - with blood - to the hospital	\$ 15 + tx
Handling fees and other	\$ 305 + tx
Liquid nitrogen handling fees	\$ 65 + tx

PREIMPLANTATION GENETIC DIAGNOSIS (PD)

Evaluation for embryo biopsy	\$ 990
<i>PGT-A Determine whether the embryo has chromosomal abnormalities or not</i>	
Biopsy, transport and genetic analysis PGT-A 1st blastocyst	\$ 2,780
Biopsy, transport and genetic analysis PGT-A for 2nd blastocyst and more	\$ 280
<i>PGT-A PLUS</i>	
Biopsy, transport and genetic analysis PGT-A PLUS 1st blastocyst	\$ 2,870
Biopsy, transport and genetic analysis PGT-A PLUS for 2nd blastocyst and more	\$ 370
<i>PGT-SR Determine if the embryo carries the chromosome structure abnormality one of the 2 parents</i>	
Biopsy, transport and genetic analysis PGT-SR 1st blastocyst	\$ 2,930
Biopsy, transport and genetic analysis PGT-SR 2nd blastocyst and more	\$ 430
<i>PGT-SR PLUS</i>	
Biopsy, transport and genetic analysis PGT-SR PLUS 1st blastocyst	\$ 3,020
Biopsy, transport and genetic analysis PGT-SR PLUS 2nd blastocyst and more	\$ 525
<i>PGT - M Services</i>	
Blood sample	\$ 60
<i>PGT-M - Determining whether the embryo is a carrier of the disease present in genetics parent(s)</i>	
Probe development for the PGT-M	\$ 3,960
Biopsy, transport and genetic analysis PGT-M 1st blastocyst	\$ 5,880
Biopsy, transport and genetic analysis PGT-M 2nd blastocysts and more	\$ 50
<i>PGT-M - and PGT-A combined</i>	
Probe development for the PGT-M	\$ 3,960
Biopsy, transport and genetic analysis PGT-A 1st blastocyst	\$ 2,780
PGT-A biopsy, transport and genetic analysis for 2nd blastocysts and more	\$ 280
PGT-M genetic analysis following PGT-A	\$ 3,335
<i>Rebiopsy and genetic analysis</i>	
Rebiopsy, and genetic analysis of a blastocyst	\$ 570
Rebiopsy, and genetic analysis on each additional blastocyst	\$ 165
<i>Products of conception</i>	
Chromosomal analysis of the product of conception	\$ 990

ADMINISTRATIVE COSTS

File copy fees	On request
Fees for insurance form	On request
Administrative fees for completing medical documents	On request
Secretary fee for letter	\$ 50 + tx

Rates may change without notice.
